## THE BEE HIVE!

It is generally known that G. Cox & Son will retire from business on July 15th. It was with much regret we herald this bit of news, for Maysville, Mason county, aye Kentucky, can little afford to lose such a store—a store whose watchword was reliability. The word reliable was stamped on the back door as well as the front; the word reliable was stamped on the yardstick as well as the goods and on the paper as well as the string. Eighty-three years of trustworthy merchandising has left an everlasting monument to the merchants of Maysville to emulate. May their new plans bring health, happiness and prosperity.

## Be It Known Also!

That while we did not buy the old stock of G. Cox & Son, we have secured the GOOD WILL by the presence of Miss Maria Boyd, who shall, beginning with September, be located here with the Best, most Progressive and FASTEST GROWING STORE IN KENTUCKY. Miss Boyd asks that all her friends and customers in opening new accounts after July 1st to open same at The Bee Hive, and it will be appreciated by her as well as by

Pilot Henry Lindenberg, who goes South at the wheel of the W. W. O'Neil has signed a contract for one year's service with the People's Coal Company, which goes into effect October 1st next. He will receive \$2,400 with four round trips from Louisville to New Orleans guaranteed, and for all round trips over that number he will get \$300 each.

Captain Max Seebold, manager of the Combine's affairs at Louisville, accomplished an engineering feat Tuesday afternoon that is seldom successful. He caused gallus hangers' to be placed under the coalboat that was sunk at the foot of Ninth street, Louisville, then the steamers Mariner and Josh Cook were placed alongside to lift the package up. The tug Nellie Brown was also there to furnish power for six eight-inch syphons, and one three-inch all of which were started. Then the Transit got on the end so that when the sunken package was pulled to the surface, she could push the entire fleet up the river. The experiment worked like a charm, and the coalboat was taken to the head of Towhead Island where it was allowed to sink in shallow water.

**Very Remarkable Cure of Diarrhoea.**

"About 6 years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long. But that one bottle of medicine, costing but a few cents, cured me." For sale by J. Jas. Wood & Son, Druggists.

In the good old days the sexton announced a death in the community by a stool on the church bell for every year of the life that was gone. People expected, then, to live to old age, and speculation at the first tap of the bell took a narrow range including only those who had lived the allotted time. There is no reason why people should not have the same expectancy of age to-day, except for the neglect and abuse of the one organ on which all the other organs depend—the stomach. Dr. Pierce's Golden Medical Discovery enables men and women to be strong and healthy, by curing diseases of the stomach (and other organs of digestion and nutrition), which prevent the proper nourishment of the body.

"I had been sick for two years with indigestion and nervous debility, and had taken medicine from my family doctor for a long time without much benefit," writes Mrs. W. H. Peebles, of Lucknow, S. C. "Was induced by a friend to consult Dr. Pierce by letter. You advised me to take 'Golden Medical Discovery' and 'Favorite Prescription,' which I did, and, to my great surprise, after taking six bottles I was cured."

The Medical Adviser, in paper covers, is sent free for 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

# CLOTHING TALK!ssss

There is something about the Hart, Schaffner & Marx Clothing by which you may identify them even more certainly than the label. It goes into them before the label. It is a style, a quality, a tailored-by-hand touch to them, a harmony of fabrics, trimmings, etc., a thoroughbred look about them never found in other clothing. The fact that we can't define it doesn't make it any less real. You can see it without fully realizing what it is. We can't show it or tell you fully about it until you wear the clothes. Then we won't need to. This incomparable line is for men and confined to us.

But we have provided as well for the boys and children. We invite inspection and comparison of both goods and prices.

OUR MERCHANT TAILORING DEPARTMENT, under the supervision of Mr. Charles F. McNamara, is the only one in the city paying Union prices and having all work done at home. Ask to see one of our made-to-measure Suits. You can get them cheaper elsewhere, but not like ours.

**Biggest Show on Earth Will Come to Maysville in October.**

After astonishing and thrilling nearly every civilized country on the European continent for the past five years, the Barnum & Bailey Greatest Show on Earth is now doing the same thing with its own people, and reports that have preceded it would indicate that nothing even approaching it in size or magnificence has ever before been seen in this country.

The Barnum & Bailey Shows left America for Europe in the fall of 1897, and returned last autumn. This year Mr. Bailey determined to give the Americans a show and an educational exhibition that would never be forgotten. That he is succeeding, it is only necessary to hear the comments of the countless thousands who have already witnessed the performances, which are described as the most bewildering and most magnificent ever seen under a circus canvas or anywhere else. As for size, it would seem that the show had reached the extreme limit. It requires ninety-two double length railroad cars to carry the equipment, every car being loaded to its full capacity. On the forty-seven flat cars of the four trains are one hundred and fifteen wagons and cages, almost double the number ever before carried by any other show. The canvas will seat 14,800 people. There are exactly this number of seats, as ever seat under the big tent is numbered and reserved. This is one of the innovations with the show this season. Every seat is reserved; no admission tickets are sold. The purchaser of a 50 cent ticket gets a comfortable seat with a foot rest. For 75 cents, the same style reserved seat sold by other shows for \$1 can be secured, while for a \$1 ticket the purchaser secures a comfortable chair placed on a portable grand stand. Eighty private boxes seating six people each are also erected in every town. These boxes are neatly separated from each other by handsome nickel-plated railings. The entire seating arrangement is meeting with the most extravagant praise everywhere, as everyone is absolutely assured of a seat, and as much comfort as in any theater.

The parade this year represents an outlay of nearly half a million dollars. The historical floats, with their magnificent deep carvings and costly gilding, eighteen in number, were newly built this year, and are said to have cost in the neighborhood of \$100,000, while the big band wagon, comfortably seating fifty persons, cost \$18,000, over \$8,000 worth of gold leaf alone having been used in its decorating. This wagon is drawn in parade by forty perfectly matched horses, all driven by one man. The Barnum & Bailey show will exhibit in Maysville on Wednesday, October 7th. Only three towns in the state of Kentucky will be visited by these mammoth shows—Maysville, Lexington and Louisville.

**Catastroph of the Stomach.**

When the stomach is overloaded, when food is taken into it that fails to digest, it becomes inflamed the mucous membrane, exposing the nerves and causing the glands to secrete mucus instead of the natural juices of digestion. This is unusual. The earning capacity of a man generally begins to decrease with years. But the above quotation was written of a policy of life insurance in The Mutual Life Insurance Company of New York. It is the striking sentence in a letter of satisfaction written by Mr. Ebe Walter, concerning a dividend received on a Fifteen-Year Distribution policy. The entire letter which appeared in the Wilmington (Del.) News, November 21, 1902, is interesting and the policy of insurance referred to is still more so.

In writing for terms on a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.

**Grand Fire Slide for Life!**

By Prof. Samuel Whittaker.

This is one of the most daring acts ever witnessed by the public. In this act Professor Whittaker goes on a high platform on the roof of the Amphitheater at the Fairgrounds from which there is an inclining cable 100 feet in length. His clothing is saturated with gasoline and set on fire, and he dives down the cable into a tank of water which he drives into and the flames are extinguished, making one of the most pleasing and exciting acts ever witnessed. It will be a feature of the World's Fair, Nashville Exposition and Paris Exposition.

Should be seen "in dive through fire and flame." Don't fail to see it. If rain on any of the above nights, performance next Fair night. Remember, everything is free.
